I was having supper with some friends yesterday and we commented on how dark it was and it was only 5:30 pm! The days are definitely getting shorter but I must say that I have been enjoying the warmer weather that we have been blessed with here in Ukraine. I love the snow but the delay in its coming has allowed me a lot more freedom and ease in the transportation side of life. Being a moped owner has definitely been a blessing!

After three and half weeks of quarantine due to the HINI virus, the schools are now open! As a result, some of us will meet together on Saturday afternoon at one of the schools in town and spend time with some of the children from Rzhishchiv who have special needs. Please join with us in prayer as we share the love of Jesus with these children and their families.

Twice a month I have the privilege of being able to spend the evening with a great group of children as their moms and dads are encouraged and taught how to be godly husbands and wives. I really enjoy this time and last night was no exception. It is great fun! It has also been encouraging to see how the Lord has been working in the hearts of the young people in our church as they have begun to serve in different areas. We talked about the Armor of God and how important it is to know His Truth! It was great having Sergei, a young man who has been in the army, come dressed up in his army uniform and share with the children what a soldier should be like and how important it is to be prepared for battle. It was also great to see him get down on the floor and play with the young boys. Please pray for this young man. That God would give him the desire to know Him more!

A few weeks ago, Ruth (friend from Rzhishchiv) and I were able to attend a women's conference at a camp outside of Kiev. It was a great weekend filled with great food, great fellowship and lots of laughter! It was so encouraging to hear how the Lord has been working in other parts of Ukraine and to hear of His faithfulness.

Thanks again for your prayers and support. Take care!

Love, Cheryl =)
