Frontier Missions Training Completed

The past three months we attended a special YWAM training course, and received much valuable teaching and experience. We've had the privilege of learning from seasoned missionaries about what it means to succeed in the missions frontiers.

The process of training has brought clarity and refinement to the vision that God has given us. Our vision is: *"to see reproducing fellowships started in the colleges and universities of Wuhan, Hubei, China. These fellowships will be student led. Students will be sent out to start similar fellowships in their hometowns, work places, and graduate schools when they leave Wuhan."*

Serving Back Home

We have returned to our home city of Tainan for the summer. Our purpose here is serving our home church, Abundant Life, and also making serious preparations for going to China. In July we'll be involved in SHINE (city-wide youth camp), as well as our church Children's Summer Camp.

Getting ready for China means spreading the word and getting more people involved in our ministry. In the coming weeks we will be traveling to preach in churches, sharing our vision and passion with everyone that we can.

The Time is Now

Many people that have known us for a while know that God's call to China has been in our hearts for many years. More than ever, we believe that the time is now. Just a few days ago, we were officially accepted to join the coffee house team in Central China. On August 22, 2010 our church will be officially sending us out as missionaries, and shortly thereafter we plan to move there.

May God bless you richly in all your endeavors.
